We're hiring!

Join the Tree Davis team and help make Yolo County a wonderful place to live, work and play!

Position Title: Climate-Ready Landscape Steward

About Tree Davis: Our mission is to enhance and expand the urban forest by teaching the people of our community to plant and care for trees.

We are committed to educating the public about trees because we view urban forestry as an integral part of healthy communities. Teaching people to plant and care for trees provides knowledge that is integral to the appreciation and valuation of trees in urban settings. It also empowers citizens as stewards of both our communities and the environment. Planting a tree is a fun outdoor activity and so much more: it reduces pollution, reduces the urban heat island effect, brings neighbors together, increases property values, reduces crime, fosters community cooperation, and provides habitat for local wildlife.

Job Description: Under general supervision, provide support in the areas of tree and groundcover plant care, tree planting, natural resources management, watering, mulching, field work and stewardship. The Climate-Ready Landscape (CRL) Steward will help with the care and maintenance of groundcover plants and trees in two locations: the Tree Davis Memorial Grove and along our Adopt-A-Highway section of Highway 113.

Duties for Tree Davis Memorial Grove

- Watering trees, shrubs, and groundcover plants
- Weeding and mulching CRLs with light pruning of trees and shrubs
- Assisting with tree and groundcover plantings in the fall and winter

- Acting as the on-site steward: keeping a record of activities, keeping an eye on the status of plant health, keeping a running list of future management activities that will improve the function and appearance of the Grove space.

Duties for Highway 113

- Watering seedlings and saplings in the Tree Davis work truck
- Monitoring and inspecting young trees, with minor pruning if needed
- Collecting and planting acorns and buckeyes in the fall and winter
- Participating in training through CALTRANS adopt-a-highway program

Qualifications

- Ability to perform and enthusiasm for outdoor work
- Ability to do sustained physical labor including carrying up to 50 lbs, stoop and kneel
- Experience working independently and with teams
- Ability to work in inclement weather, especially hot temperatures
- Effective written and verbal communication skills
- Can assist in logistics and coordination in a field environment
- Knows how to take initiative and knows how to problem solve
- Experience operating a truck

The ideal candidate is a strong communicator who is reliable and committed to enhancing the urban forest and natural resources of Yolo County.

This is a part-time position that will vary by season, ~25-30 hours per week. Hourly wage is \$16.00 per hour.

Tree Davis is an Equal Opportunity Employer to all, regardless of age, ancestry, color, disability (mental and physical), exercising the right to family care and medical leave, gender, gender expression, gender identity, genetic information, marital status, medical condition, military or veteran status, national origin, political affiliation, race, religious creed, sex (includes pregnancy, childbirth, breastfeeding and related medical conditions), and sexual orientation.

Please submit cover letters and resumes to erin@treedavis.org .
